            <p> My name is Natthamate Phantajaruphong. My Student ID
is xxxxxxxx. My friends calls me PP. I'm 21 years old now and
currently study in
                third year at Faculty of Engineering majored in
Mechanical Engineering. The reasons I choose to study
                mechanical engineering is I like to learn about the
machinary like, how they works or how do we create or
                design the machine. Plus I want to work in an
automotive or aviation field so, mechanical engineering really
                suits me.
